DIVISION OF MUNICIPAL ACCOUNTING STATE TAX COMMISSION

Concord, New Hampshire

October 30, 1952

Board of Selectmen
Brentwood, New Hampshire

Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Town of Brentwood which was made by this Division, acting under authority of Chapter 82, Section 27, of the Revised Laws of New Hampshire, which provides in part as follows:

“Audit on Motion of Commission. The Commission may cause an audit to be made of the accounts of any city, town, school district, village district or precinct, as often as once in two years, or whenever conditions appear to it to warrant such. * * * ”

This audit covered the fiscal year ended December 31, 1951, and the period from January 1st to September 22nd, 1952. Exhibits as hereafter listed are included as part of the report which is made up in three sections as follows:

Section I - Fiscal Year Ended December 31,
1951.

Section II - Period January 1st to September
22nd, 1952.

Section III - Statistical Table - Ten Year
Statement of indebtedness, Valuation and
Taxes.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets: Dec. 31, 1950 - Dec. 31, 1951: (Exhibit A)

Comparative Balance Sheets as of December 31, 1950, and December 31, 1951, are presented in Exhibit A. As indicated therein the financial condition of the Town changed from a Net Debt of \$847.60 to a Surplus of \$314.86 during the year 1951.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Decreases in Net Debt		
and		
Increases in Surplus		
Net Budget Surplus	\$	269.69
Long Term Note Paid		1,019.41
		<hr/>
	\$	1,289.10
Increases in Net Debt		
and		
Decreases in Surplus		
Decrease in Accounts Receivable	\$	50.00
Increase in Accounts Payable		76.64
		<hr/>
	\$	126.64
		<hr/>
Change in Financial Condition	\$	1,162.46

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues (Exhibits C-D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1951, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net revenue surplus of \$1,017.05, less a net overdraft of appropriations of \$747.36, resulted in a net budget surplus of \$269.69.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1951, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of September 22nd, 1952, is indicated in Exhibit L.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

GENERAL COMMENTS**Indebtedness, Valuation and Taxes:**

Table I presents a ten year statement of Indebtedness, Valuation and Taxes, covering the fiscal years of 1941 to 1951, inclusive. It is noted that the town started the period with a Net Debt of \$920.04 and ended with a Surplus of \$314.86.

The assessed valuation of taxable property increased by 45 percent, while the amount of the annual tax levy

increased by 172 percent. Tax collections were good throughout the period with relatively small amounts of uncollected and unredeemed taxes reported at the close of the fiscal years. The local tax rate increased from \$3.35 to \$6.45 per hundred, compared to an increase in the average tax rate for the State during this period from \$3.35 to \$4.35.

Revised Balance Sheets:

It is noted that the balance sheets as originally included in the financial reports filed with the Tax Commission and the printed annual town reports for the years 1950 and 1951, contained certain errors which were corrected in the revised balance sheets for these years appearing in Exhibit A of this report.

These errors consisted chiefly of the mis-statement of the amount of the appropriation balance due the school district in both the 1950 and 1951 reports, and the omission as a liability item from the 1951 report of the amount of State Head Taxes which had been collected but not remitted to the State prior to December 31, 1951.

The amount of Net Debt or Surplus as originally reported and as shown in the revised balance sheets is indicated herewith:

	Original Report	Revised Report
	Net Debt or *Surplus	Net Debt or *Surplus
Dec. 31, 1950	\$3,389.60	\$847.60
Dec. 31, 1951	*\$2,551.74	*\$314.86

It will be noted that the Net Debt on December 31, 1950, as reported, was over-stated by approximately \$2,500.00, while the Surplus of December 31, 1951, was also over-stated by more than \$2,200.00.

Inasmuch as the Balance Sheet is the most important part of the town report, it is essential that it should accurately reflect the true financial condition of the town at the close of the year.

Selectmen's Receipts and Payments Book:

The Selectmen are still making use of the Class B Receipts and Payments Book. This is the bound book which was formerly used by the smaller towns in the State. It is recommended that the Class A loose leaf book be used in place thereof. The Class A book provides a wider range of classification accounts thus making for improved accounting and reporting.

Filing of Bills and Invoices with Vouchers:

Original bills and invoices should be attached to the Selectmen's vouchers which are issued in payment thereof and filed with the vouchers.

Town Treasurer:

The Town Treasurer issues separate checks in payment of Selectmen's orders. The usual practice is for the Treasurer to countersign the Selectmen's orders thereby converting the orders into negotiable checks. When this is done the orders and checks bear the same numerical sequence and the possibility of any difference between the order and check is eliminated. The name and number of the depository bank should be stamped or printed on the order.

Retention of Records:

Vouchers, orders, cancelled checks, bank statements, etc., should be retained for a period of six years. The current practice has been to destroy some of these records (Treasurer's cancelled checks and bank statements) after the annual audit by the town auditors.

Town Clerk:

It is recommended that the Town Clerk adopt the use of the standard form of Cash Book for recording motor vehicle permits and dog licenses issued.

Conclusion:

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next an-

nual town report. This letter of transmittal should be included in its entirety, but the inclusion of Exhibits is optional.

We extend our thanks to the officials of the Town of Brentwood for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director.

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Brentwood for the fiscal year ended December 31, 1951, and the period from January 1st to September 22nd, 1952; and, subject to exceptions as noted in the report, found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the town, together with the results of operations for the fiscal year ended December 31, 1951.

Respectfully submitted,

Auditor's Report

The accounts of the Officers of the Town of Brentwood including Selectmen, Tax Collector, Town Clerk, Librarian, Road Agent, Trustees of the Trust Funds and the Town Treasurer have been examined and audited by me for the fiscal year ended December 31, 1952 and found to be in good order, with proper vouchers, and a balance of five Thousand Nine Hundred Fifty-Four Dollars and Eighty-Three Cents (\$5,954.83) in the Treasury.

The officers are to be commended for their splendid work. Sincere appreciation is extended to the Citizens of the Town of Brentwood for their assistance and cooperation.

Respectfully submitted,

GLADYS E. McCOY,

Auditor.

Report of Fire Department

March 15, 1952, W. Bartlett, A. Sampson, E. Ahearn, H. Gove, N. Smith and S. Northrup met at the fire house to draw up specifications for a new fire truck. Bids were solicited from several garages and fire equipment companies and a notice was published in the Exeter News Letter.

April 7, the committee met at the fire house and opened the bids. The bids ranged from \$7,000 to \$9,600. Later we met with some of the lower bidders and discussed equipment and construction. May fifth we met with the 2 lowest bidders, Robinson's and the Farrar Company. The bid was given to the Farrar Company of Woodville, Massachusetts for \$6,678.01 without hose. Three hundred feet of 1 1-2 inch hose was purchased for \$323.00.

Respectfully submitted,

SIDNEY NORTHRUP,

Clerk.

TEAM WORK WILL DO THE JOB

Team work has won victories from time immemorial—for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate—we must have team work. The remedy is simple.

YOU and YOU and You and You

MUST secure the required permit from your local forest fire warden before burning.

MUST use necessary precautions while burning or smoking in or near woodlands.

MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise YOU might well contribute to a costly and damaging fire And don't forget that fire might destroy your own property!

REMEMBER — Only YOU and YOU and YOU can Prevent fire!

TEAM WORK WILL DO THE JOB!

Number of local fires, 0.

Number of acres burned, 0.

Number of permits issued, 48.

W. S. BARTLETT,
Forest Fire Warden.

MERTON A. WEBBER,
District Chief.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Brentwood, qualified to vote in district affairs:

You are hereby notified to meet at the Swasey School in said district on the seventh day of March, 1953 at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents for the payment of statutory obligations of the district and to authorize the application against said appropriation of

such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to raise and appropriate a sum of money to be used for removing the ramp and constructing suitable steps on the West end of the school building.

10. To see if the district will vote to raise and appropriate a sum of money to purchase playground equipment.

11. To see if the district will give permission to use the Swasey School as a Town Hall.

12. To transact any other business that may legally come before this meeting.

BARBARA, NORTHRUP,
JOSEPH SWASEY,
LAUREL GILMAN,
Brentwood School Board.

Records of School Meeting

At a legal meeting of the Inhabitants of the Town of Brentwood, qualified to vote in District affairs held in the Swasey School, March 8th, 1952, the following business was transacted:

The meeting was called to order at 2:00 o'clock.

ARTICLE I Mr. Sidney Northrup nominated Arthur O'Conner. Motion was made that the Clerk cast one ballot for Arthur O'Conner. Seconded. Voted in affirmative. Arthur O'Conner was then declared duly elected.

ARTICLE II Jetta O'Conner nominated Grace Treadwell as Clerk. Mrs. Treadwell declined the nomination. Laurel Gilman was nominated and declined. Ferne Prescott was nominated by Sidney Northrup and motion was made that Clerk cast one ballot for Ferne Prescott. Seconded. Voted in affirmative. Clerk was then duly sworn into office.

ARTICLE III Harriet Gove nominated Laurel Gilman for the School Board for 3 years. Helen Pike nominated Grace Treadwell for the School Board for 3 years. A ballot vote was then taken with Neil Burgess and Norman Smith as tellers. Total vote cast 47. Laurel Gilman had 32 votes. Grace Treadwell had 15 votes. Laurel Gilman, having a majority of votes was declared elected and duly sworn into office.

ARTICLE IV Norman Smith nominated Viola Brown as Treasurer. Motion made that Clerk cast one vote for Viola Brown for Treasurer. Seconded. Voted in affirmative. Declared duly elected.

ARTICLE V E. Christine Swasey made the motion that the salaries of the School Board and Truant Officer, and the compensation of any other officers or agents remain the same as last year. Seconded. Voted in the affirmative.

ARTICLE VI Motion made by John Swasey that if there were no more reports to be submitted, the reports already submitted be accepted as they are. Seconded. Voted in the affirmative.

ARTICLE VII Miriam Dodge nominated Chester MacDonald as Auditor. Motion made by John Dudley, seconded by LeRoy Lake that we abide by the Subservive Laws of New Hampshire in regard to Mr. MacDonald's signature on affidavit. Voted in the negative, but Moderator ruled that the vote was affirmative. It was ruled that nomination of Chester MacDonald was out of order. No objection to passing article VII in attempt to obtain Mr. MacDonald's signature on affidavit. Passed on to article VIII. After obtaining affidavit signature of Chester MacDonald, John Dudley nominated Chester MacDonald as Auditor. Motion made by LeRoy Lake that Clerk cast one vote for Chester MacDonald as Auditor. Seconded. Voted in affirmative. Chester MacDonald declared duly elected.

ARTICLE VIII Motion made by DeEtta Pevear that the School Budget be accepted as proposed, that the School District raise and appropriate \$31,098.90 for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district and to authorize the application against said appropriations of such sums as are estimated to be received from the State equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town. Seconded by Florence Pinkham. Voted in affirmative.

ARTICLE IX Motion made by John Dudley that the school board give the selectmen a Warranty Deed for Crawley Falls School for not more than \$1.00. Neil Burgess made a motion to extend the authority given to School Board and Selectmen as of last year, for another year. John Dudley withdrew his motion. Seconded Neil Burgess's motion. Voted in the affirmative.

ARTICLE X Mrs. John Dodge wished to go on record as favoring the steps but would like to know how much to appropriate for same. Letter read here from S. E. LaPerle & Sons of Exeter. A tentative estimate as follows:

“For a footing 18” thick, approximately 45’ long and being 4’ below grade;

Two concrete retaining walls; 12” thick, approximately 16’ long;

Upper landing: 5’ wide and 12’6” long;

Ten steps: 11” tread and 7” riser with six pipe insets for rail.”

This work to include excavation, labor and materials, and to include insurance coverage, workmen's compensation, liability and property damage. The sum—\$607.20”. Approximately \$100.00 for railings. Motion made by John Swasey that the \$500.00 from the sale of the schools and not earmarked for anything else and on deposit with Treasurer and \$200.00 to come from unexpended budget balance of budget be used to pay for the steps. If necessary, the \$200.00 to be raised and appropriated next March. Seconded. Voted in affirmative. Motion that the construction of the steps be under the supervision of the Building Committee was seconded and voted in affirmative.

ARTICLE XI Motion made by Sidney Northrup that article be laid on the table. Seconded. Voted in affirmative.

ARTICLE XII Motion made by Harriet Gove that article be laid on the table. Seconded. Voted in affirmative.

ARTICLE XIII Motion made by John Dudley that article be laid on the table. Seconded. Voted in affirmative.

ARTICLE XIV Motion made by John Swasey that the School Board investigate the possibility of Federal Aid for Towns with 10 or more children in school with parents employed by the Federal Government. Seconded. Voted in the affirmative. Motion made by John Swasey that the meeting adjourn. Seconded. Voted in the affirmative. Time of adjournment, 4:45 p.m.

Superintendent's Report

To the School Board and Citizens of Brentwood:

It gives me pleasure to submit this my third annual report as your Superintendent of Schools.

The Swasey School is rapidly becoming what every rural areas school should be, and that is the center of activities for young and old alike. The continued efforts of the school board and citizens for improvements in the functional aspects goes on. The building of concrete steps with railings on the east end of the building and the new and larger stage in the basement are good examples of the continued effort. The level of instruction in the school compares very favorably with other systems on a local and national level as is indicated by the results of our testing program. The teachers are carrying on their many educational extras that go toward the development of a well rounded educational program. The visual education program should develop next year into a coordinated educational program with the stress on instruction at the various grade levels.

In cooperation with the University of N. H. we have the Physical Education Cadet coming to the Swasey School twice a week for a physical education program. This instructor will be under the supervision of her University instructor and Miss Favor. The Swasey School with its large basement and playground is ideal for these classes and the Brentwood children should derive a great deal of benefit from participation in such a wholesome program.

Teachers

Mrs. Virginia Williams, a graduate of the University of Washington, with an elementary teacher's certificate from Washington State, to replace Mrs. Mary J. Brown

who resigned to accept a position in Exeter. Mrs. Williams is doing a fine job with grades one and two and has fitted into the Brentwood educational picture quietly and efficiently.

Miss Rosemary Leombruno, Boston Conservatory of Music "52" to replace Miss Anne-Marie O'Shea who resigned to marry. Miss Leombruno's background in music lends itself especially well to our music group.

Mr. John Scanlan, U.N.H. 1946 with advanced work in guidance at Boston University as Director of Guidance, Supervisory Union 41. Mr. Scanlan holds a Special Degree in Guidance and is getting the program off to a very encouraging start.

Testing and Guidance

The value of the testing program has been increased with the addition of a Supervisory Union Guidance Director. Mr. Scanlan is trained in the administration and interpretation of tests and is working closely with the teaching staff in making the testing program meaningful. Parents are urged to take advantage of the opportunity to talk with the teachers and Mr. Scanlan concerning their children's problems.

Dental Clinic

Through the cooperation of Dr. Shirley Dyer, State Dept. of Health, your Superintendent was able to procure the services of a dental technician who cleaned and fluoridized the teeth of all pupils from grades 1 to 6 who requested it. This was done at no expense other than the furnishing of a lunch for the technician at noon. These lunches were furnished by Mrs. Dorothy Hilton as her contribution to the program.

Equipment

Unless there is an unforeseen increase in enrollment, the school is well equipped with seating equipment. Now

that the children have been well provided for in the classroom, an effort should be made to provide some form of playground equipment. The little children need swings and teeter boards; basketball standards are fine for older boys and girls and good substantial posts for a volley ball net would be fine. By spotting the above equipment much would be done toward solving the problem of big and little pupils interfering with each others play activity and would aid materially in the playground supervision.

School Lunch

I am glad to see interest in the development of a good school lunch program. Although provisions have been made to warm food in the school kitchen; experience in other schools has been that a good class "A" meal has improved both the health and school marks of children as a whole.

I hope that the children of the Swasey School will be able to participate in such a program in the near future.

This report is accompanied by a page devoted to Return of District Revenue which shows the actual budget we are operating on this year (1952-53). A comparison of this budget with the proposed budget of 1953-54 will show that your school board is doing a fine job in keeping costs at a minimum, but at the same time giving the children of Brentwood the type of educational program they justly deserve.

In closing, I wish to express my appreciation to the school board, citizens, teachers and pupils of Brentwood for their cooperation and friendliness. It has made my work in Brentwood very pleasant.

Respectfully submitted,

LOUIS L. RAMSAY,
Superintendent.

Report of Music Teacher

To the Superintendent and School Board, Citizens of Brentwood:

More than one hundred years ago, when music was first introduced in the public schools, the main accent in education was on the three R's.

Today, so much has been added to the elementary and secondary school curriculum; health, physical education, art, reading, arithmetic, science, thrift, character education, safety, dramatics, good citizenship, social studies and last but not least; music.

The aims of every music teacher are to obtain an appreciation and love of good music leading to the cultural development on the part of the child and to train the child in habits of concentration and thinking. We want all our children to love good music, to be intelligent when they sing or play or listen to music and we want each boy or girl to be given abundant opportunity for learning to sing or play or listen in accordance with the dictates of his inclination and capacity as an individual.

Music is primarily a group activity and is accomplished through songs, rhythms, records, games, folk dancing, rhythm bands and tonette groups of which all the children have participated in and enjoyed. We have experimented with square dancing in the first and second grades and found them to be done successfully and needless to say, the children have enjoyed them as much as their rhythm bands.

I feel that the music program in our schools, is running along very good lines, but couldn't be accomplished without the aid, help and encouragement received from all the teachers, parents and students and so my sincere thanks to you all.

Respectfully submitted,

ROSEMARY A. LEOMBRUNO,
Music Supervisor.

Health Supervision

To the Superintendent and School Board, Citizens of Brentwood:

The physical examinations were completed as early in the year with as many corrections as possible. Along with the physical observations of the children, a health education program was also conducted. Health education is the key to effective school and community action for improved health. Much group education goes on informally in relation to day by day living at school.

In cooperation with the Dental Department of the State Board of Health, all children in the first six grades received thorough cleanings and four fluorine treatments. It is hoped that this will prevent or lessen tooth decay.

Home calls were made to all parents having children entering school in the Fall, urging them to have complete physical examinations, vaccinations and inoculations when necessary.

I would like to take this opportunity to thank all who have made my work so pleasant. Their help, interest and cooperation is deeply appreciated.

Respectfully submitted,

CONSTANCE COOPER, R. N.,
School Nurse.

Guidance Director's Report

To the Superintendent of Schools, Members of the School Board and Citizens of Brentwood:

It gives me great pleasure to present my first annual report as Director of Guidance.

In these first few months a good start has been made in laying the foundation for a high grade program of guidance services for the pupils in grades one through eight. Under the supervision of Mr. Ramsay and working with the help and advice of Mr. Radasch, New Hampshire State Director of Guidance, the University of New Hampshire Guidance Department, and the Boston University Guidance Department; short term and long term objectives for the program were formulated.

A survey was made during the first week in September during which time the teachers in all grades were seen and asked in what way the guidance program could best meet the needs of their pupils. After this information was tabulated and analyzed, we set up our objectives.

The first objective for these early months was to set up an individual inventory for each pupils in the 8th grade. These pupils are faced with an immediate and important choice in their planning for a career, and more than any grade these pupils need guidance immediately. An individual inventory is an inventory of the pupil's assets and liabilities in the physical, mental, social, emotional, and spiritual areas of life. Over the years, this will be a record of his or her growth in these areas as well as a very specific and analytical records of his growth in the educational skills. An important part of the inventory is the results of the University of New Hampshire battery of tests covering ability, interests,

aptitudes, and personality. This first objective has been accomplished.

Using the inventory as a basis we are now in the process of counseling and guiding these 8th grade students in their next important step, their choice of an occupation for which they will start preparing in their four years of high school work.

In the process of the carrying through of this part of the program, fifteen visits have been made to the school. Each of the 8th grade pupils has been counseled individually at least twice. Each of these students will be counseled individually at least twice more before June, or as many times as is necessary in order that it is as certain as we can make it that he or she is making the proper choice.

It is necessary that these pupils should know what they can expect in their chosen occupation as far as the kind and amount of training necessary, personal requirements, aptitudes, special abilities required, salary, opportunities for advancement, etc. is concerned. This information will be given them.

An occupational information file is being set up. At the present time information on approximately 1100 different jobs is being set up. This file will be expanded to cover every possible need. We will make use, too, of the facilities of the State Library in Concord.

The University of New Hampshire tests have been given. These standardized tests compare our pupils with thousands of other pupils in the same grade in the United States. Five 8th grade students have been tested on twenty-one different attributes of personality. These tests are of immeasurable value in guiding students into the proper educational and vocational fields. Eight 4th grade pupils and three 6th grade pupils were tested on ten attributes of personality and growth in twenty-six educational skills. The attributes scores are valuable in diagnosing for the guidance of these pupils and the growth in educational

skills scores are of great value in aiding the teacher to see those skills in which the pupil needs more help. Three individual tests were given to pupils upon whom certain specific information was needed so that factors which were slowing down their progress might be brought to light and rectified. Before the year is completed the 8th grade students will be given a short intensive course in "Choosing a Career." In other words they will be given every possible aid so that they will be pointed toward the position for which their abilities, aptitudes, and personality fit them.

A follow-up study of our graduates and drop-outs will be made in order to evaluate the success of our school training and the guidance program. When the 8th grade students have been properly served by the guidance program an individual inventory will be set up for each pupil in each grade, starting with the first. This inventory will follow the child from grade to grade. At present our testing program starts in at the 4th grade. We would like to extend this down to the first grade.

A very important part of any guidance program is the help which a counselor can give to those pupils who are not adjusting well to the school and who are not making the progress of which they are capable. Through tests and counseling interviews, it is very often possible to find the reasons for the pupil's poor progress and to help him, or her, so that they may be happier in school and able to take advantage of its benefits. The success other guidance programs have had in this particular area has been quite remarkable. One Brentwood student is being helped in this way.

An adult education course in the training of children and the proper handling of their problems has been given in February and another will follow in the Spring, if there is a call. When school closes in June the facilities of the guidance office will be available to the out-of-school members of the community. It is hoped that many adults

will take advantage of its testing, counseling, and consultation services.

I feel that we have made an excellent start and look forward to great accomplishments in the remainder of this year and next.

Respectfully submitted,

JOHN A. SCANLAN,
Director of Guidance.
